| <input type="checkbox"/> Silver | _____ | _____ |

SPECIAL ITEMS

Do any of the materials offered for mercury D009 Recovery/Recycling contain any of the following materials or characteristics?

| | YES | NO | If any Yes, then explain: |
|--|--------------------------|--------------------------|----------------------------------|
| Aqueous Solutions | <input type="checkbox"/> | <input type="checkbox"/> | _____ |
| Organic Compounds | <input type="checkbox"/> | <input type="checkbox"/> | _____ |
| Reactive Materials | <input type="checkbox"/> | <input type="checkbox"/> | _____ |
| Ignitable Materials | <input type="checkbox"/> | <input type="checkbox"/> | _____ |
| Corrosive Materials | <input type="checkbox"/> | <input type="checkbox"/> | _____ |
| Mercury Compounds Other Than Oxide or Sulfide | <input type="checkbox"/> | <input type="checkbox"/> | _____ |
| Hazardous Characteristics (Other Than Mercury) | <input type="checkbox"/> | <input type="checkbox"/> | _____ |

PACKAGING MATERIALS

Since packing materials may become contaminated during shipment, it may be necessary to process them as D009 Hazardous Waste. Metal containers or drums made of steel are recommended because of their ease of handling and processing. Anything other than steel will carry an additional processing charge.

Quantity

| | |
|---------------------------------|-------|
| Drums 85 gallon Overpack | _____ |
| 55 gallon, Steel 17H | _____ |
| 30 gallon, Steel | _____ |
| 20 gallon, Steel | _____ |
| 10 gallon, Steel | _____ |
| 5 gallon, Steel | _____ |

Inner Packing

Inner packing materials are not necessary as the entire container is treated as D009 hazardous waste. We request the inner packing material be kept to a minimum. Excessive packing materials of paper and plastic will be charged extra.

GENERATOR'S CERTIFICATION

I hereby certify that all information submitted in this document is true and accurate. All information regarding known or suspected hazards in this material has been disclosed. Generator understands that materials will be accepted for processing only after: a) Generator has signed a Recovery/Recycling Agreement, b) Generator has received a Materials Acceptance letter, and c) a work authorization number has been issued.
